

Environmental Policy

Bennett Architectural Aluminium Solutions Limited is committed to protecting the environment, using energy wisely and minimising the impact of our activities.

We will achieve this by:

- Complying with all applicable legislation and all other requirements that we have considered may have an impact on the environment.
- ◆ Actively managing our significant aspects and impacts and setting targets for improvement.
- ◆ Maintaining and operating our premises, plant and equipment as efficiently as practicable and work towards identifying improvement opportunities.
- ◆ Reducing and preventing pollution, particularly CO2 emissions, by continually monitoring our carbon footprint.
- ◆ Minimising waste and maximising recycling opportunities by evaluating operations on an ongoing basis.
- Creating an energy conservation culture within the business.
- Communicating this policy to everyone working for and on behalf of the company and to interested parties.

Our commitment to continual improvement using ISO 9001:2015 and to the ISO 14001:2015 standard will assist in achieving these goals.
